# Fire Alarm Control Panel Mains Keyswitch

Accessories - Ancillary

Part No. BF319

www.illuminoignis.co.uk

## Key Features

- A high-quality lockable double pole Fire Alarm Control Panel Mains Keyswitch.
- Allows the Mains supply to a fire alarm panel to be switched on or off in accordance with BS 5839-1.
- Ideal for use during routine test and maintenance (e.g. battery test, main board replacement etc). Note,if working on the Mains in the panel you must also follow correct practice and isolate the Mains supply at the distribution board.
- Fits on a standard UK 47mm flush or surface mount back box.
- Supplied with 2 x M3.5 25mm fixing screws.
- BS EN60669-1 compliant.
- Always read the full installation and operating instructions supplied with the unit before use.
