

12V 14.0Ah – Fire Rated Battery

Accessories – Fire Rated Batteries

Part No. PG-12V14 FR

www.illuminoignis.co.uk

Product Details

The PG-12V14 is part of our Long Life AGM range. This 12.0V and 14.0Ah battery provides long cycle life and deep discharge capability.

Features include AGM Technology, SLA ABS Case, SLA Maintenance Free, and Thick Plate 10–12yr Design Life. These batteries are commonly used in Emergency Lighting, Fire Security, Solar, Telecomm, UPS, Utility, and Wind requiring extended service life and dependable standby power. Backed by decades of expertise, Power-Sonic batteries are subject to stringent quality controls through each step of the manufacturing process to ensure compliance, performance consistency, and reliability.

Key Features

- 12V 14Ah VdS and NCP approved VRLA battery
- Absorbent Glass Mat (AGM) technology for superior performance
- Power and volume ratio yielding unrivalled energy density
- Valve regulated, maintenance free spill proof construction
- Rugged impact resistant ABS case and cover flame retardant to UL94:V-0
- 5–6 year design life
- Approved for transport by air. D.O.T., I.A.T.A., F.A.A. and C.A.B certified

Technical Specifications

Nominal Voltage	12V
Capacity @20HR (AH)	14.00 Ah
Capacity @10HR (AH)	13.20 Ah
Weight	3.78kg / 8.33lbs
Case	UL94:V0 Flame Retardant Plastic
Length	5.95" / 151mm
Width	3.86" / 98mm
Height:	3.74" / 95mm
